EDUCATION

KIET Ghaziabad

Master of Computer Applications (MCA) | CGPA: 8.1/10

June 2027

Ghaziabad, India

Jiwaji University

Bachelor of Science (B.Sc.) – Mathematics

April 2023

Gwalior, India

T.C. Jain H.S. School

Secondary & Senior Secondary (PCMB)

2018 – 2020

Madhya Pradesh, India

TECHNICAL SKILLS

Languages Java

Core Concepts Object-Oriented Programming (OOP), Data Structures & Algorithms, Java Collections Framework

Database MySQL, JDBC

Tools & Tech Linux, Git, VS Code, Arduino IDE, EasyOCR, PyAutoGUI

Mathematics for AI/ML

Linear Algebra Matrix Operations, Rank & Nullity, Eigenvalues & Eigenvectors, SVD, EVD, LU Decomposition

Probability & Statistics Bayes' Theorem, Probability Distributions, Statistical Inference, Hypothesis Testing

Optimization Partial Derivatives, Gradient Computation, Gradient Descent Algorithm

PROJECTS

Mini Cursor Assistant

[GitHub](#)

Python Desktop Application

- Built a voice-activated desktop assistant that analyzes live screen content using AI vision models
- Integrated Groq Vision API, audio, and screen capture tools for real-time processing
- Automated precise cursor navigation via PyAutoGUI using AI-generated coordinates
- Designed a floating UI overlay and global keyboard shortcuts for seamless instant access

Online Voting System

[GitHub](#)

Java Console Application

- Built a Java-based voting system with candidate registration, voter authentication, and result display
- Integrated MySQL using JDBC for persistent vote storage and enforced one-vote-per-user validation
- Applied core OOP principles and Java Collections for scalable and accurate vote management
- Designed a menu-driven console interface for seamless voter and admin interaction

CERTIFICATIONS

AWS Certified Cloud Practitioner (CLF-C02)

May 9, 2026

Infosys Springboard Certifications (Java Programming, Linux Fundamentals, Project Management)

Oct–Nov 2025

CODING PRACTICE & ADDITIONAL EXPERIENCE

- Solved 150+ Data Structures and Algorithms problems across LeetCode and GeeksforGeeks while maintaining over one year of consistent practice
- Engineered an autonomous Line Following Robot using Arduino and ESP32 microcontrollers for logic-driven hardware control
- Received the YouTube Silver Creator Award after growing a content channel to over 100,000 subscribers
